

(4) The 30-day requirements contained in paragraphs (d)(2) and (d)(3) of this section do not apply where, due to employing agency error, money in a participant's account has been invested in an incorrect investment fund.

(e) *Contributions for pre-1987 service.* This part does not apply to errors involving employing agency delay in submitting contributions required by 5 U.S.C. 8432(c)(3).

(f) *Contributions for service in January through March 1987.* Notwithstanding any other provision of this section, lost earnings shall be payable with respect to contributions made pursuant to 5 U.S.C. 8432(c)(1) (B) or (C) if the payment records containing those contributions were received by the TSP recordkeeper after April 30, 1987.

Subpart B—Lost Earnings Attributable to Delayed or Erroneous Contributions

§ 1606.5 Failure to timely make or deduct TSP contributions when participant received pay.

(a) If a participant receives pay, but as the result of an employing agency error all or any part of the agency automatic (1%) contribution associated with that pay to which the participant is entitled is not timely received by the TSP record keeper, then the makeup or late contributions will be subject to lost earnings. In such cases:

(1) The employing agency must, for each pay period involved, submit to the TSP record keeper a lost earnings record indicating the pay date for which the contributions would have been made had the error not occurred (i.e., the beginning date), the investment fund to which the contributions would have been deposited had the error not occurred if the beginning date on the record was before May 1, 2001, the amount of the contributions, and the pay date for which the contributions were actually made. If the beginning date on the record was on or after May 1, 2001, the TSP record keeper will use the contribution allocation of record for the beginning date and calculate lost earnings;

(2) The TSP record keeper will compute the amount of lost earnings associated with each lost earnings record submitted by the employing agency pursuant to paragraph (a)(1) of this section. In performing the computation, the TSP record keeper will not take into consideration any interfund transfers;

(3) Where the lost earnings computed in accordance with paragraph (a)(2) of this section are positive, the TSP record keeper will charge that amount to the appropriate employing agency and will credit the participant's TSP account. If the lost earnings are negative, the amount computed will be removed from the participant's account and used to offset TSP administrative expenses; and

(4) The lost earnings will be posted to the participant's account based on the contribution allocation in effect on the posting date.

(b) If a participant receives pay from which employee contributions were properly deducted, but as a result of an employing agency error all or any part of the associated agency matching contributions to which the participant is entitled were not timely received by the TSP record keeper, then the makeup agency contributions will be subject to lost earnings. In such cases, the procedures described in paragraphs (a)(1) through (a)(4) of this section will apply to the makeup agency matching contributions.

(c) If a participant receives pay from which employee contributions were properly deducted, but as the result of an employing agency error all or any part of those employee contributions were not timely received by the TSP record keeper, or if the employee contributions were received in connection with a FERCCA correction, the makeup employee contributions will be subject to the procedures described in paragraphs (a)(1) through (a)(4) of this section.

(d) Except for employee contributions received in connection with a FERCCA correction, if a participant receives pay from which employee contributions should have been deducted but, as the result of employing agency

error, all or any part of those deductions were not made, the makeup employee contributions will not be subject to lost earnings even if the participant makes up the employee contributions pursuant to part 1605 of this chapter. However, where the participant makes up the employee contributions pursuant to part 1605 of this chapter, the agency matching contributions associated with the makeup employee contributions (which must be made in accordance with part 1605 of this chapter) will be subject to lost earnings. With respect to such makeup agency matching contributions the procedures described in paragraphs (a)(1) through (a)(4) of this section will apply.

[66 FR 44283, Aug. 22, 2001, as amended at 68 FR 35501, June 13, 2003]

§ 1606.6 Agency delay in paying employee.

Where, as the result of an employing agency error, a participant does not timely receive all or any part of the basic pay to which he or she is entitled, and as a result of that delay in receiving pay all or any part of the Employee Contributions, Agency Automatic (1%) Contributions, or Agency Matching Contributions are not submitted when they would have been had the employing agency error not occurred, all such belated Employee Contributions, Agency Automatic (1%) Contributions, and Agency Matching Contributions shall be subject to lost earnings. The procedures described in paragraphs (a)(1) through (a)(4) of § 1606.5 shall apply to all such belated contributions.

Subpart C—Lost Earnings Not Attributable to Delayed or Erroneous Contributions

§ 1606.10 Miscellaneous lost earnings.

Where lost earnings result from employing agency errors not specifically covered by this subpart or subpart B, the employing agency must consult with the Board or TSP Recordkeeper to determine the manner in which the employing agency shall submit lost earnings records or other data necessary to facilitate the payment of lost earnings.

Subpart D—Lost Earnings Records

§ 1606.11 Agency submission of lost earnings records.

(a) All lost earnings records required to be submitted pursuant to this part must be submitted to the TSP Recordkeeper in the manner and format prescribed in instructions provided to employing agencies by the Board or TSP recordkeeper.

(b) Where this part requires submission of lost earnings records, the employing agency must submit a separate lost earnings record for each pay period affected by the error. A lost earnings record may include all three sources of contributions, or it may include loan allotments, but may not include both loan allotments and contributions.

(c) Where this part requires the employing agency to indicate on a lost earnings record the investment fund to which a contribution would have been deposited had an employing agency error not occurred, that determination must be made solely on the basis of a properly completed allocation election that was accepted by the employing agency before the date the contribution should have been made, and that was still in effect as of that date. Where no such allocation election was in effect as of the date the contribution would have been made had the error not occurred, the lost earnings record submitted by the employing agency must indicate that the contributions should have been made to the G Fund.

(d) With respect to employing agency errors that cause money not to be invested in the Thrift Savings Fund, lost earnings records may not be submitted until the money to which the lost earnings relate has been invested in the Thrift Savings Fund. Where the employing agency error involved delayed TSP contributions, no lost earnings will be payable unless the associated payment records are submitted in accordance with the provisions of 5 CFR part 1605. Lost earnings records and the delayed payment records to which they relate should be submitted simultaneously.

(e) Where an employing agency erroneously submits a lost earnings record that is processed by the TSP recordkeeper, the employing agency must
